

## Skin Wisdom

Put your beauty regimen under the care of the most famous Wise Men in history. Their gifts to Baby Jesus—the traditional herbs frankincense and myrrh—actually possess calming, rejuvenating properties and anti-inflammatory qualities beneficial to the skin. The Christian founders of Antiqua Prima have incorporated these biblical herbs into their skin-care product

line, including an exfoliating facemask, regenerating moisturizing cream, and hydrating repair serum. Learn more at [www.AntiquaPrima.com](http://www.AntiquaPrima.com), and then call 1-866-358-1694 to find a spa or doctor distributor to help you make a wise choice for your skin.
